## Deftones New Album Release Date

Eros is the working title<sup>[1][2][3]</sup> of an unreleased album by American alternative metal band Deftones with tentative release dates in 2008 and 2009.. In the years that followed, the band has had mixed feelings about finishing and officially releasing Eros at some point down the road.. With Cheng in a coma, Deftones recruited former Quicksand bassist Sergio Vega and released Diamond Eyes instead in 2010.. The November 2008 car accident of bassist Chi Cheng forced the band to initially hold off on releasing the album, and later shelve the album indefinitely in a creative decision to move forward.
